

Medtech ERP Consultant (m/f/d)

Lead challenging projects around the implementation and further development of ERP solutions in the medical sector!

We are much. Consulting a fast-growing, international and innovative company from Munich with a focus on business IT & ERP systems. You seek professionalism but without the usual rigid structures? Great, that is exactly what we are about!

Become a part of much. Consulting.

Our offer

- **Your expertise counts:** lead our fast-growing MedTech department and develop the best specialised solutions for our clients.
- **Real impact:** with us, nothing is set in stone. You are free to shape company processes and contribute your own ideas.
- **Start-up culture combined with professionalism:** look forward to short, flexible decision-making paths and lean, orderly processes.
- **A motivated , high-performing team:** work with like-minded professionals with great expertise and passion for what they do.
- **Flexible working hours:** we believe in a true work-life balance without the industry-typical 80-hour weeks.
- **Remote work:** You can come to the office in Munich or work from wherever you like.
- **Many more benefits:** annual bonus, fitness centre, bike leasing, state-of-the-art equipment - we value our employees and do our best to show it.

Your profile

- At least 3 years of relevant working experience
- Experience as ERP consultant or user knowledge in the medical technology sector, in particular about compliance regulations
- Precise and accurate way of working
- Very fast comprehension, analytical way of working & high commitment
- Fluent in English and German

Your tasks

- You build up and lead our MedTech department
- Conceptual and structural mapping of regulations in medical technology with IT solutions
- Leading big projects and ensuring customer satisfaction
- Mentoring of your team
- Steering of the development
